DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on 08/06/2008 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 12-15, 29-33, 35-36, 39-46, and 47-64 are rejected under 35 U.S.C. 103(a) as being unpatentable over Micali (US 5,615,269)

Micali discloses a computer-implemented method of facilitating trading, comprising:

automatically, by a computer, checking the compatibility of fields of an active negotiation request and a passive negotiation request, including checking the compatibility of disclosure signatures associated with the active and passive negotiation requests (see “enforceable agreement” column 2, lines 25+), each of said disclosure signatures indicating a disclosure level of a plurality of disclosure levels that specifies an
